

Commercial Rebates

FAN MOTOR RETROFITS, WALK-IN COOLER/FREEZER

QUALIFICATIONS/GUIDELINES

1. Qualifying businesses must operate a minimum of 4 consecutive hours daily between 2 p.m. and 8 p.m. weekdays, May 1 through October 31.
2. All work must be performed in accordance with all applicable national, state, local, and manufacturers' codes and standards.
3. The application must be accompanied by the manufacturers' minimum one-year product warranty statement and fan motor efficiency information. This information must be evaluated prior to rebate payment. Qualified small business and non profit customers may be eligible for an additional bonus on rebates.
4. A separate application will need to be submitted for each unique fan motor. Multiple fan motors with the same model number and performance specification can be included on a single application by listing the number of fan motors.
5. The rebate payment for each energy project cannot exceed 50% of the total job cost, which includes equipment, installation, and tax.
6. After receiving and reviewing your application, an Austin Energy Representative will schedule an inspection to verify the installation and determine the rebate amount.
7. Your rebate check will arrive 4 to 6 weeks from the date the installation passes inspection.

SPECIFIC QUALIFICATIONS

1. The removed fan motors must not be re-used within the City of Austin's utility system and must remain on-site for final verification purposes and disposed of after inspection unless previous arrangements have been made with Austin Energy.
2. Fan controllers cannot be used in conjunction with new fan motors.
3. The replacement motor must be an ECM (electronically commutated motor) type.
4. New construction projects are not eligible for fan motor retrofit payments.

Austin Energy guidelines and rebate levels are subject to change at any time, without notice.

Table 1 – Fan Motor Rebate Table				
			Existing Fan Motor	
Horsepower	Horsepower	Wattage	SP*	PSC**
1/120	0.008	6	\$4	N/A
1/82	0.0125	9	\$6	N/A
1/30	0.033	25	\$16	\$6
1/20	0.050	37	\$25	\$10
1/12	0.083	62	\$42	\$16
1/10	0.100	75	\$50	\$20
1/8	0.125	93	\$63	\$24
1/6	0.167	124	\$84	\$32
