

# **Power Saver™ Program** *Saving Energy Together*

---

## **Commercial Rebates**

### **DATA CENTER EFFICIENCY PROGRAM Massive Array Idle Disk (M.A.I.D) Storage Systems**

#### **QUALIFICATIONS/GUIDELINES**

1. Qualifying businesses must operate a minimum of four (4) consecutive hours daily between 2pm and 8pm weekdays, May 1 through October 31.
2. The rebate application must be submitted before the new unit(s) is installed. It must be accompanied by the manufacturer's rating information.
3. A pre-inspection with an Austin Energy representative is required, as necessary, prior to removal. Existing systems to be removed must be connected and operational.
4. All installed equipment must be new and require a 4 year warranty or service agreement.
5. After the new system has been installed, contact Austin Energy representative to schedule a final inspection.
6. Multiple application sheets can be attached for additional equipment information.
7. Rebate is available for new and replacement equipment.
8. Invoices and equipment specifications may be requested by AE to accompany rebate application.
9. Maximum total rebate is \$200,000 per site per fiscal year.
10. The customer will receive their rebate check 4 to 6 weeks from date of inspection.

***The Austin Energy guidelines and rebate levels are subject to change at any time, without notice.***

<b>M.A.I.D. Storage System - Rebate</b>			
The following sections are to provide information on the current storage systems being used and the new M.A.I.D. systems. This information will be used to compare the savings and calculate the value of the rebate for the M.A.I.D. storage system.			
<b>Section 1 - Uninterruptible Power Supply (UPS) Information and Cooling System</b>			
UPS Type:	Baseline Cooling System type:	Nominal Installed Cooling Capacity:	Individual Total Compressor Capacity:
Standard Double Conversion <input type="checkbox"/>	Air-cooled DX CRAC <input type="checkbox"/>	< 360 tons <input type="checkbox"/>	40 tons <input type="checkbox"/>
High Efficiency Double Conversion <input type="checkbox"/>	Water-cooled chilled water plant, serving chilled water CRAC units <input type="checkbox"/>	>= 360 tons <input type="checkbox"/>	<150 tons <input type="checkbox"/>
High Efficiency Delta Conversion <input type="checkbox"/>	No dedicated computer cooling Other: _____	n/a <input type="checkbox"/>	>= 150 & <300 tons <input type="checkbox"/>
High Efficiency Flywheel <input type="checkbox"/>			>=300 tons <input type="checkbox"/>
			0 tons <input type="checkbox"/>
<b>Section 2 - Proposed M.A.I.D. Storage System Information</b>			
Proposed M.A.I.D. Storage System name:	Number of M.A.I.D. Systems:	Drive Size (GB):	
Total Storage Capacity (TB):	M.A.I.D. Storage System Cost (\$ per GB):	Max Operational Power (kW):	
<b>ADDITIONAL CUSTOMER AGREEMENT CLAUSE</b>			
As a qualified Austin Energy customer, I understand that the rebate I am applying for will under no circumstances exceed 50% of the installed cost of the work. I also agree to retain all qualifying equipment at the location in which it was originally installed, identified as the "installation address" on this application. The Customer is responsible for maintaining the operational efficiency of all qualifying measures for a period of no less than five (5) years from the date of this agreement. The Customer agrees to allow an Austin Energy Representative to inspect the referenced facility for compliance with this requirement for the duration of this agreement. In consideration of this rebate, customer assigns all rights to any and all environmental attributes and or credits, including any renewable energy credits, carbon offset credits, or similar environmental credits derived from the energy conservation associated with this rebate to Austin Energy for Austin Energy's use as it may choose.
