## COMMERCIAL REBATE OFFERINGS

TECHNOLOGY	REBATE LEVEL (KW REDUCED)
Air Conditioning (Direct Expansion) *	\$550/kW
Air Conditioning (VRF Multi-Split) *	\$550/kW
Air Conditioning (Chillers) *	<b>Air Cooled:</b> \$300/kW  <b>Water Cooled:</b> \$450/kW
Cooling Towers	\$300/kW
Commercial Kitchen	Visit <a href="http://www.fishnick.com">www.fishnick.com</a> for rebate level
Custom Technology	<b>Process Change:</b> \$200/kW <b>Custom Equipment:</b> \$350/kW
Electronically Commutated Motors (ECM)	\$350/kW
Energy Recovery Ventilators (ERV)	\$300/kW
Guest Room Controllers	\$50 per device installed
Heat Pump Water Heaters	\$800 per unit installed
<b>New Construction</b> Tier 1: Application submitted during construction phase Tier 2: Application submitted within 6 months after Certificate of Occupancy is awarded	<b>Tier 1:</b> 100% rebate <b>Tier 2:</b> 50% rebate
Plug Load Controls	\$25 per device installed
Roof/Ceiling Insulation **	\$0.20/sq ft
Spray-on/Paint-on Reflective Roof Coating**	\$0.15/sq ft
Thermal Energy Storage (TES)	\$350 per kW
Transformers	\$300/kW
Uninterrupted Power Supplies (UPS)	\$300/kW
Variable Frequency Drives (VFD)	\$400/kW + \$50 if in conjunction with installation of CEE Tier 2 motors
Window Treatment **	<b>SHGC 0.37 or Less:</b> \$1.00/sq ft <b>SHGC 0.50 – 0.38:</b> \$0.60/sq ft
New Windows **	<b>SHGC 0.27 or Less:</b> \$1.00/sq ft
Smart Thermostats	\$25 per device installed

\* All technology must exceed the current International Energy Conservation Code (IECC) baseline.

\*\* Excludes new construction projects.

TECHNOLOGY	REBATE LEVEL (KW REDUCED)
Compact Fluorescent Lamps (CFLs)	\$300/kW
Cold Cathode	\$350/kW
Light Emitting Diode (LED)	\$350/kW
Light Emitting Diode (LED) Exit Signs	\$25/sign
T-8 & T-5 High Efficiency Fluorescent Lighting Systems	\$300/kW
Hardwire Incandescent to Fluorescent Fixture Conversion	\$300/kW
HID to Fluorescent or Induction Replacement	\$350/kW
Relamping & Reballasting of Existing Fluorescent Fixtures	\$300/kW
Group Relamping (Requires relamping of entire facility)	\$300/kW
New Construction Lighting	\$125/kW
Lighting Controls (Occupancy Sensors & Daylight Harvesting)	<b>Retrofit Projects:</b> Daylight Harvesting: \$275/kW Occupancy Sensors: \$225/kW  <b>New Construction:</b> Daylight Harvesting: \$175/kW Occupancy Sensors: \$125/kW
Small Business Lighting ***	\$700/kW – rebate up to 80% of installed cost

\*\*\*Direct install by registered contractors only

BONUS	BONUS LEVEL	EFFECTIVE DATE
R-22 Replacement	20%	Ends September 30th
Small Business Bonus	30% for customers with monthly usage < 300kW or under 30,000 sq ft (key accounts excluded)	Ends September 30th
Small Non-Profit or Houses of Worship Bonus	30%	Ends September 30th

Only one bonus may be applied per measure. See Program Guidelines for details.
