

Electric Vehicle Public Charging Program

Application:

This service area program rate schedule applies to electric service whose point of delivery is located within the limits of Austin Energy’s service territory.

Character of Service:

Service is provided under this rate schedule pursuant to City Code Chapter 15-9 (*Utility Service Regulations*) and the City of Austin Utility Criteria Manual, as both may be amended from time to time, and such other rules and regulations as may be prescribed by the City of Austin. Electric service of one standard character will be delivered to one point of service on the customer’s premises and measured through one meter unless, at Austin Energy’s sole discretion, additional metering is required.

Terms and Conditions:

Customers shall permit Austin Energy to install all equipment necessary for metering and permit reasonable access to all electric service facilities installed by Austin Energy for inspection, maintenance, repair, removal, or data recording purposes.

This rate schedule applies to electric service to a customer using a public electric vehicle charging station under the Electric Vehicle Public Charging program. For subscription members, charging is a fixed six-month fee that allows unlimited charging on all charging station types (*e.g.*, Level 2 or DC Fast). For non-subscription members, charging is based on the charging station type, for which, a per minute rate is applied for the entire duration that the electric vehicle is connected to the charging station, referred to as ‘plug-in to plug-out’.

Subscription Members	
<i>Unlimited Charging (\$/six-months)</i>	\$23.095
Non-Subscription Members: Plug-in to Plug-out	
<i>Level 2 Charging (\$/minute)</i>	\$0.03
<i>DC Fast Charging (\$/minute)</i>	\$0.21
